Model 420A Vacuum Package Machine

Vacuum Package Machine Model 420A

Model 420A

Safety and Convenience Features

Berkel Model 420A is a reliable, high production floor model vacuum package machine designed to meet most high-volume foodservice portion control and product storage and food retail needs. The unit offers two spacious stainless steel chambers, powerful, high quality pump and four 17" seal bars that provide a high integrity double seal with electric cut-off. The 420A offers an anaerobic gas flush to maintain product color in the vacuum package, extend shelf live and/or to provide a pillow-pack seal to protect the product. Unit is simple to operate and maintain.

Standard Features

- ▶ Floor model with a stainless steel housing and double 27" (686 mm) x 24" (610 mm) x 8" (203 mm) chamber
- ▶ Four 17" (432 mm) seal bars provide high integrity double sealing with electric cut-off
- ▶ Powerful, high quality 63 m³/h Busch pump and vacuum dial gauge
- ▶ 1-speed, 3 HP motor, totally enclosed, permanently lubricated ball bearings, thermally protected
- ▶ Furnished in 220/60/3, 16 amp, AC, ETL listed
- ▶ Vacuum intervals of 1 to 99 seconds
- ▶ Gas flush for the addition of an anaerobic gas mixture and/or pillow-pack seal
- ▶ Simple to operate electronic, touch pad controls with nine storable programs
- ▶ Attached 6-foot, flexible, 3-wire cord for grounded receptacle

Accessories

- Air Assist
- Soft Air
